CAREER OBJECTIVE

Motivated and results-driven individual seeking a position in Software Testing where I can leverage my expertise in manual and automation testing, along with my teaching experience, to contribute to organizational success. Eager to apply my problem-solving skills and attention to detail in a collaborative work environment.

STRENGTHS

- Fast learner with the ability to quickly adapt to new technologies and methodologies.
- Strong team player with the ability to collaborate and communicate effectively, but also capable of working independently.
- Excellent time management skills, ensuring tasks are completed efficiently and on schedule.

TECHNICAL SKILLS

Manual Testing:

- Extensive knowledge of Manual Testing methodologies.
- Strong understanding of SDLC (Software Development Life Cycle) and STLC (Software Test Life Cycle).
- Proficient in writing, executing, and reviewing test cases.
- Strong knowledge in various testing types: Smoke, Functionality, Integration, System, and Acceptance Testing.
- Knowledgeable about the Bug Life Cycle.
- Familiar with defect logging using JIRA.
- Know how to write testcases and execute them in TESTRAIL.

Automation Testing (Selenium):

- Knowledgeable in Selenium WebDriver for automated web testing and browser automation.
- Proficient in setting up Selenium WebDriver and installing necessary drivers.
- Skilled in locating web elements using various locators for interaction and validation.
- Able to handle dynamic elements, frames, pop-ups, and alerts within the web application.
- Familiar with Page Object Model (POM) architecture for automation.
  Programming (Python):
- Solid understanding of Python programming, including loops, exception handling (try-except), and basic OOP principles.
- Ability to write and execute Python scripts for automation tasks.

SQL:

- Strong understanding of SQL queries, including DDL, DQL, DML, and TCL operations.
- Skilled in working with Joins, Sub-queries, and Co-related Sub-queries.
- Knowledge of database normalization and dependencies.

EDUCATION

Software Testing Course (QSpiders) *[Completed]*
M.Com – Kurukshetra University (KUK) | *2019*
B.Com – Chaudhary Devi Lal University (CDLU) | *2017*

Teaching Experience (School)

- Managed and explained complex topics clearly, honing attention to detail and critical thinking
- Developed strong communication, problem-solving, and organizational skills while teaching.

INTERESTS

- Software testing & automation technologies
- Continuous learning and professional development
- Problem-solving and logical challenges
